

Comparing the versions of IT Solutions Technician

V1.0

- Four knowledge tests

- Simulated project during EPA

- Must choose hardware or software pathway

- 90-minute interview

- Grade based on KSBs, The What, The How and The With Whom

- Overwhelming number of complicated KSBs

New V1.1

- No knowledge tests

- Workplace project with flexibility to showcase up to two projects

- Flexibility for hardware, software or both

- 60-minute professional discussion

- Clear and defined grading criteria

- Reduced number of KSBs that are clear and logical

Progress Minded is the second biggest provider of ITST assessments. We're flexible, friendly and put the apprentice at the heart of the assessment. Please email cherie.heaven@progressminded.co.uk to find out more.
